Week 8	Jun 24	Jun 30	• Integrating Travis CI in InstiGo

Note:

1. This is just a plan which would be followed by mentors during this program however contributors are free to make any sort of contribution they want to make by opening an issue followed by a PR.
2. There are some issues already opened for which you can open a PR.
3. Before opening a PR, explain your idea to the mentors by commenting on the associated issue, and take suggestions from the mentor. This would help you to work in the right direction.
